**INDEPENDENT AUDITOR'S REPORT  
ACCOUNTS FOR THE YEAR ENDED 31 AUGUST 2016  
LUTHERAN PHILIP HOUSE LIMITED  
RE: KAI YIP NURSERY SCHOOL**

---

**Report on the Accounts**

We have audited the accounts of Lutheran Philip House Limited – Kai Yip Nursery School (the “Nursery”) for the year ended 31 August 2016 set out in Statement 1 to 7, which have been prepared in accordance with the accounting requirements of the Education Bureau (“EDB”).

*Supervisor's responsibility for the accounts*

The Supervisor of the Nursery is responsible for the preparation of the accounts that give a true and fair view in accordance with generally accepted accounting practice and the accounting requirement of the EDB, and for such internal control as the Supervisor determines is necessary to enable the preparation of the accounts that are free from material misstatement, whether due to fraud or error.

*Auditor's responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit and to report our opinion solely to you, as a body, and for no other purpose.

We do not assume responsibility towards or accept liability to any other person for the contents of this report. We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluation the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the supervisor, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**INDEPENDENT AUDITOR'S REPORT  
ACCOUNTS FOR THE YEAR ENDED 31 AUGUST 2016  
LUTHERAN PHILIP HOUSE LIMITED  
RE: KAI YIP NURSERY SCHOOL**

---

*Opinion*

In our opinion:-

- a) Except no opinion to comparative figure brought forward due to no special detail audit work conducted for the comparative figures as at 31 August 2015 and of its results for the accounting year then ended by the previous auditors Tam, Hui, Tse & Co, CPA Limited, in our opinion the accounts give a true and fair view of the state of the Nursery's affairs as at 31 August 2016 and of its results for the accounting year then ended; and
- b) The Nursery has used the government subsidies in accordance with the rules and ambits as promulgated in the EDBC No. 6/2011 (in particular all KGs/KG-cum-CCCs joining PEVS shall not transfer the surplus, in whatever form, to any of their sponsoring bodies or other organizations), EDBC No. 3/2008, EDBC No. 2/2004, relevant letters, circulars, circular memoranda and guidelines (in particular the guiding principles on the scope of expenditure at Annex 4) issued by the Education Bureau.

**LUTHERAN PHILIP HOUSE LIMITED – KAI YIP NURSERY SCHOOL**  
**NOTES TO THE ACCOUNTS**  
**FOR THE YEAR ENDED 31 AUGUST 2016**

---

**1. GENERAL INFORMATION**

Lutheran Philip House limited – Kai Yip Nursery School (the “Nursery”) is a nursery operated in Hong Kong. Its business address is Nos. 15-18 & 24-27, 6/F., Kai Ning House, Kai Yip Estate, Kowloon Bay, Kowloon, Hong King.

**2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES**

The principal accounting policies applied in the preparation of these accounts are set out of below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**2.1 Basis of preparation**

The accounts of the Nursery have been prepared in accordance with Hong King Financial Reporting Standards (“HKFRS”). They have been prepared under the historical cost convention.

The preparation of accounts in conformity with generally accepted accounting practice requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Nursery’s accounting policies.

**2.2 Plant and equipment**

The plant and equipment are stated at historical cost less accumulated depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the items.

Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Nursery and the cost of the item can be measured reliably. All other repairs and maintenance are expensed in the income and expenditure during the financial period in which they are incurred.

Depreciation on other assets is calculated using the straight-line method to allocate their costs to their residual values over their estimated useful lives, as follows:

Furniture, fixtures, equipment and decoration	25% - 33.33% per annum
Computer hardware and software	33.33% per annum

The assets’ residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset’s carrying amount is written down immediately to its recoverable amount if the asset’s carrying amount is greater than its estimated recoverable amount.

**LUTHERAN PHILIP HOUSE LIMITED –KAI YIP NURSERY SCHOOL**  
**NOTES TO THE ACCOUNTS**  
**FOR THE YEAR ENDED 31 AUGUST 2016**

---

**2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONT'D)**

**2.3 Impairment of investments in non-financial assets**

Assets that have an indefinite useful life or have not yet available for use are not subject to amortization and are tested annually for impairment. Assets that are subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

**2.4 Financial assets**

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period. These are classified as non-current assets. Loans and receivables are classified as 'receivables' and 'cash and cash equivalents' in the statement of financial position (Notes 2.6 and 2.7).

**2.5 Inventories**

Inventories are stated at the lower of cost and net realizable value. Cost is determined using the first-in, first-out method. The cost of finished goods and work in progress comprises design costs, raw material, direct labor, other direct costs and related production overheads (based on normal operation capacity). It excludes borrowing costs. Net realizable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

**2.6 Trade and other receivables**

Trade and other receivables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade and other receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganization, and default or delinquency in payments are considered indicators that the trade receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the assets is reduced through the use of an allowance account, and the amount of the loss is recognized in the statement of profit or loss and other comprehensive income. When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited in the statement of profit or loss and other comprehensive income.

**LUTHERAN PHILIP HOUSE LIMITED –KAI YIP NURSERY SCHOOL**  
**NOTES TO THE ACCOUNTS**  
**FOR THE YEAR ENDED 31 AUGUST 2016**

---

**2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONT'D)**

**2.7 Cash and cash equivalents**

Cash and cash equivalents include cash in hand, deposited held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

**2.8 Trade and other payables**

Trade and other payables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method.

**2.9 Employee benefits**

Employee benefits represent short term employee benefits and contributions to defined contribution retirement plans.

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

**2.10 Revenue recognition**

Revenue comprises the fair value of the school fee and other income received or receivable in the ordinary course of the Nursery's activities. Revenue is shown net of valued-added tax, returns, rebates and discounts.

The Nursery recognizes revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits will flow to the entity and specific criteria have been met for each of the Nursery's activities as described below. The amount of revenue is not considered to be reliably measurable until all contingencies relating to the income have been resolved. The Nursery bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

- (a) *Nursery services income*  
Sales of services are recognized in the accounting period in which the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided.
- (b) *Subventions, grants, subsidies and reimbursement*  
On actual receipt basis.
- (c) *Sales of goods*  
When the significant risks and rewards of ownership have been transferred to the buyer, and no significant uncertainties remain regarding the consideration, associated costs or the possible return of goods

**LUTHERAN PHILIP HOUSE LIMITED –KAI YIP NURSERY SCHOOL**  
**NOTES TO THE ACCOUNTS**  
**FOR THE YEAR ENDED 31 AUGUST 2016**

---

**2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONT'D)**

**2.10 Revenue recognition (cont'd)**

- (d) Interest income  
Interest income is recognized on a time-proportion basis using the effective interest method. When a receivable is impaired, the Nursery reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans is recognized either as cash is collected or on a cost-recovery basis as conditions warrant.

**2.11 Leases (as the lessee)**

*Operating lease*

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are expensed in the statement of profit or loss and other comprehensive income on a straight-line basis over the period of the lease.

**3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS**

There being no significant accounting estimates and judgements involving in the preparation of the accounts.

## For KGs/KG-cum-CCCs (i) joining PEVS and/or (ii) receiving (a) CCCSS and/or (b) Rent Reimbursement

Name of School : LUTHERAN PHILIP HOUSE KAI YIP NURSERY SCHOOL
